

# NEW VISIONMOUNT® MOTORIZED FULL-MOTION MOUNT

MODEL VLMF109-B1

## Change the channel... and the position of your flat-panel TV

The new VLMF109 motorized full-motion mount makes it easy to find the perfect viewing angle without leaving your seat. It offers ultra-quiet, fully automated extension up to 9" from the wall and up to 60° of swivel with the touch of a button. The VLMF109 features a low-profile design that retracts to just 2" from the wall for a flush appearance, and its open wall plate design allows generous room for cable management behind the TV. The easy-to-install VLMF109 can shift left and right after mounting to ensure perfect TV placement, even with off-center studs.

VLMF109-B1 shown

Smooth, motorized motion quietly moves TV up to 9" from wall for viewing angles anywhere in a room — also swivels 60°

Retracts to just 2" from wall in home position for a clean, low-profile appearance

Open design provides generous space for cable management

MODEL VLMF109-B1

Includes remote control for easy extend and swivel movements with the push of a button

Mount can slide left and right on wall plate to ensure TV is centered with surroundings — even with off-center wall studs
